

## WHO IS THIS DAY FOR?

The information day is for everyone interested in taking part in call 2013 of FP7 Cooperation Theme 2: Food, Agriculture and Fisheries and Biotechnologies. Participation in the event is free-of-charge, but registration is compulsory.

## ON-LINE REGISTRATION:

<http://www.b2match.eu/biobro2012>

Registrations will be accepted on a 'first come first served' basis.

Please note that we may have to limit the number of representatives from each organisation, if the event is oversubscribed.

Please register **before 8<sup>th</sup> July 2012**.

## PARTNERING

Participants are invited to **upload their profiles** (introduction of specific competence in relation with the call + potential project idea) **before 9<sup>th</sup> June, 2012** to the partnering tool available at the registration website.

To prepare face to face meetings, virtual meetings based on the topics selected by the participants will be organized after 9<sup>th</sup> June at <http://www.b2match.eu/biobro2012> to bring potential partners together.

Organised by  
the European Commission,  
DG Research and Innovation

and Biotechnology

Info Day and Brokerage  
Event on Call  
**FP7-KBBE-7-2013**

16<sup>th</sup> July 2012

Charlemagne Building

Rue de la Loi 170, 1040 - Brussels

## PRACTICAL INFORMATION

The objective of the event is to bring together research stakeholders, from both the public and private sectors from the EU and Third Countries, together with Commission officers and provide information and ground for discussion and networking.

The event will include in the morning a general introduction with presentations of the main features and areas addressed by the 2013 call. While the official Call is foreseen to be published on the 10th of July 2012, an orientation paper has been published at:

[http://ec.europa.eu/research/participants/portal/ShowDoc/Extensions+Repository/General+Documentation/Orientation+papers+2013/Cooperation/Orientation+paper+2013+-+FAFB\\_en.pdf](http://ec.europa.eu/research/participants/portal/ShowDoc/Extensions+Repository/General+Documentation/Orientation+papers+2013/Cooperation/Orientation+paper+2013+-+FAFB_en.pdf)

Group discussions by thematic areas to bring together consortia followed by a partnering session with pre-arranged bilateral meetings to discuss potential partnerships in FP7 proposals will be held in the afternoon. Each pre-arranged face to face meeting will last 15 minutes. The bilateral meetings will be organized based on the preferences of the registrants and a meeting schedule will be distributed.

SMEs relevant research will have reinforced importance in WP 2013. Topics with mandatory SMEs participation are included with the aim to spend at least 15% of the call budget on SMEs. The partnering event will also offer networking possibilities for interested SMEs with up-to-date guidance on participation.

## INFORMATION DAY

Registration at 8.30

10.00 – 12.30  
**Morning Session**

General Information about FP7 Food, Agriculture and Fisheries, and Biotechnology Theme.

Presentation of the topics for the three Activities by the EC representatives:

1. Sustainable production and management of biological resources from land, forest and aquatic environment
2. Fork to farm: Food (including seafood), health and well being
3. Life sciences, biotechnology and biochemistry for sustainable non-food products and processes

Opportunities for SMEs offered by the 2013 Work Programme

## PARTNERING EVENT

13.30-17.00 **Afternoon Session**

13:30-15:00 **Parallel sessions with group discussions by thematic areas**

15:00- 17:00 **Pre-arranged face to face meetings**

**Parallel Session 1:** Sustainable production and management of biological resources from land, forest and aquatic environment

*Enabling research, increased sustainability of all production systems (agriculture, forestry, fisheries and aquaculture), plant health and crop protection, optimised animal health, production and welfare accross agriculture, fisheries and aquaculture, socio-economic aspects and support to policies*

**Parallel Session 2:** Fork to farm: Food (including seafood), health and well being  
*Consumers, nutrition, food processing, food quality and safety, environmental impact and total food chain, European research area*

**Parallel Session 3:** Life sciences, biotechnology and bio-chemistry for sustainable non-food products and processes

*Novel sources of biomass and bioproducts, marine and fresh-water biotechnology (blue biotechnology), industrial biotechnology (novel high added-value bio-products and bio-processes), biorefinery, environmental biotechnology, emerging trends in biotechnology*
